

PURALux™

Feel the difference

THE BEST POOL & SPA DISINFECTION SYSTEM

profacture.com.au

COMPLETE PURIFICATION

A chemical-free process designed to eliminate all bacteria and viruses the way nature intended.

CHEMICAL REDUCTION

Do away with harsh chemicals.

Swim in water with chlorine levels similar to your household tap.

GENTLE FOR YOU

Eliminate unwanted side effects such as sore eyes, itchy skin and discoloured hair and no nasty smells. Most suited for people with sensitive skin.

LOW MAINTENANCE

Running costs are reduced via greater efficiency, long lamp life and no need to invest in harsh chemicals.

THE ULTIMATE *X* SYSTEM

Puralux is the ultimate UV Disinfection by Purion GMBH and when combined with the ChlorMate Ultra Low Salt Chlorinator and pH Controller, resulting in the most effective and sustainable chemical free pool & spa water disinfection system.

CHLORINATOR

Low Salt/Mineral Chlorinator

PURALUX

Ultraviolet by Purion GMBH

pH CONTROLLER

Automated pH Balance

PURALuxTM

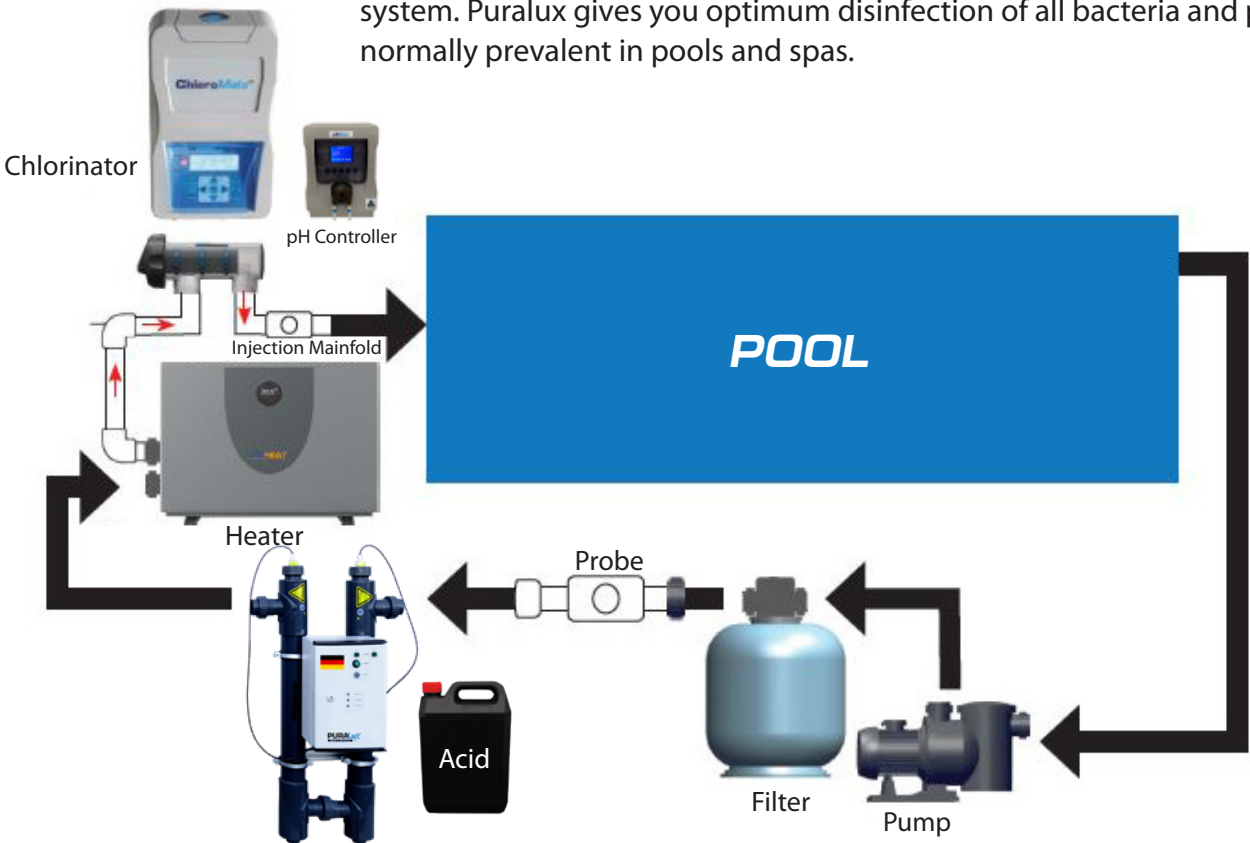

Feel the difference

MOST EFFECTIVE AND SUSTAINABLE CHEMICAL FREE POOL & SPA WATER DISINFECTION SYSTEM.

- ✓ Kills all known viruses and pathogens
- ✓ Allows chlorine levels to be similar to drinking water
- ✓ Removes chloramines and foul odours
- ✓ Prevents eye and skin irritations
- ✓ Softens the water and sparkles like diamonds
- ✓ Easy to retro fit to existing pools and spas
- ✓ Environmentally friendly
- ✓ Better for your family, pool and the pools equipment

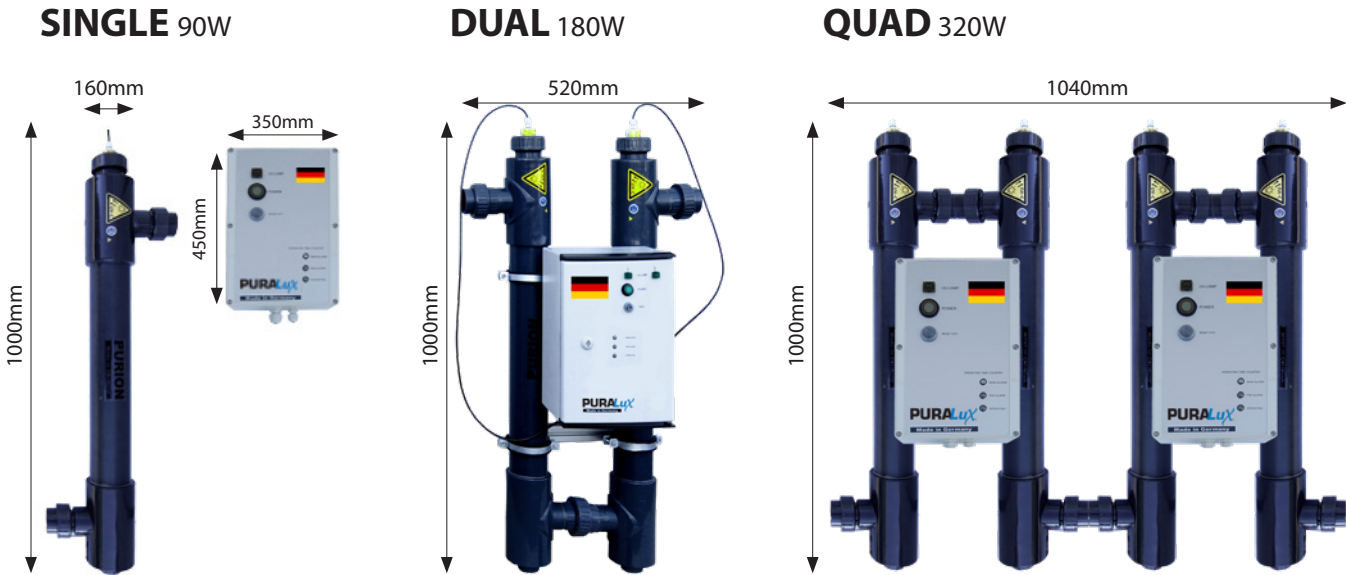

INSTALLATION GUIDE

The Puralux disinfection system can be easily integrated into all pools and spas. Its unique design and operation allows you to retro fit with any existing sanitation system. Puralux gives you optimum disinfection of all bacteria and pathogens, normally prevalent in pools and spas.

Puralux to be installed indoor or undercover away from direct sunlight.
